YOUR VERSATILE STYLE COMPANION

Look stylish for any lifestyle moment with the versatile Canon EOS M100. Featuring powerful autofocus with Dual Pixel CMOS AF, intuitive controls and a sleek, lightweight design, the EOS M100 makes it easy for you to capture style inspiration and selfies on the go, so you can take your fashion to the next level.

STYLISHLY LIGHT AND COMPACT

Make a statement wherever you go with the EOS M100. Available in White, Black and Gray, it's versatile enough to complement your everyday style, and features a lightweight design that makes it easy to carry in your bag.

EASY SELFIES

Take your selfie game to the next level with EOS M100. The LCD screen tilts up to 180°, to help you snap stunning portraits from challenging angles. Self Portrait Mode allows you to create gorgeous background blur, adjust brightness or smoothen skin tone for a shot that truly stands out. You can even use Creative Assist Mode to adjust and save photo settings in real time! With a sleek touch screen display and intuitive icons, expressing your style has never been this fun or easy.

POWERFUL AUTOFOCUS

Be ready to capture fleeting moments with EOS M100's fast and precise autofocus. Dual Pixel CMOS AF technology delivers fast and accurate AF in both still and video shooting. With 24.2 million phase-difference sensors in place, phase-difference AF is possible over 80% x 80% area of the focal plane's entire surface, and users will have more flexibility in framing creative compositions.

MOVIES THAT INSPIRE

Bring your inspiration to life with Movie Mode. Create stunning videos or time-lapse movies with intuitive selectable shooting intervals. The Touch AF function also allows you to quickly adjust focus areas with just a touch of the LCD screen, and capture professional-looking movies with background blur. With the in-camera Combination IS function, camera shakes are suppressed so you can achieve stable shots even when using a lens without an image stabilisation function.

EASY CONNECTIVITY WITH WI-FI/BLUETOOTH/NFC

Inspire your social media followers instantly! Seamlessly transfer photos or videos to your smart device via Wi-Fi with the Canon Camera Connect app, and share them directly on social media. Designed for both iOS and Android, the app also lets you use your smart device as a monitor for remote shooting and playback. Additionally, the EOS M100's Bluetooth low-energy technology allows you to stay connected to your smart devices even when your camera is in Auto Power Off mode.

BRILLIANT IMAGES THAT NEVER GO OUT OF STYLE

From colourful textures to breathtaking backdrops, the EOS M100's DIGIC 7 image processor and impressive 24.2 megapixel APS-C sized CMOS sensor allow you to capture stunning images with high image clarity and reduced noise levels. With a range of EF-M lenses* available to you, you can also look forward to a wide variety of choices for creative expression.

*EOS M100 is also compatible with Canon's entire suite of EF, EF-S lenses via the Mount Adapter EF-EOS M.
