PERFECTLY PORTABLE, BEAUTIFULLY BRILLIANT

387g[3]

The EOS M50 Mark II is compact and elegantly designed for single-handed operation while delivering sublime image quality. Carry this lightweight camera around and be ever ready to capture your moments in all their glorious colours and details.

[3] Black: 387g (CIPA compliant) / White: 388g (CIPA compliant). Weight includes battery pack and memory card.

LENSES FOR EVERY STORY

Experience the true versatility of a camera with the EOS M50 Mark II. Choose from a wide range of EF-M lenses or over 60 options in the EF and EF-S series when paired with the mount adaptor EF-EOS M[4]. Whether you are capturing captivating portraits or vast landscapes, there is always a lens that is ready to deliver your dynamic storytelling.

A GEAR FOR EVERY CREATOR

Extend the freedom of creative expression with the vast options of accessories available. With its universal 3.5mm microphone jack, connect the Canon Directional Stereo Microphone DM-E1[4] or Canon Stereo Microphone DM-E100[4] to the EOS M50 Mark II and capture clear audio to match your crisp visuals.

The Canon Tripod Grip HG-100TBR[4] offers easy grip for one-handed shooting and conveniently transforms into a tabletop tripod for selfies and self video recording. Accompanied with a detachable wireless Bluetooth remote controller, it can control recording images and videos from a comfortable distance.

For optimal handheld videos, the EOS M50 Mark II can also be paired with a variety of third-party gimbals.

[4] Item(s) sold separately.

EOS M50 MARK II

SPECIFICATIONS

TYPE		
Image processor		DIGIC 8
Lens mount		Canon EF-M mount
Image sensor		Approx. 24.1 megapixels, APS-C CMOS sensor
Image sensor size		Approx. 22.3 x 14.9mm

RECORD IN CRISP 4K RESOLUTION

4K

Shoot high-quality videos in 4K 24p/25p (cropped) resolution and bring your stories to life. With 4 times the pixels of Full HD, capture precious memories and stunning time-lapse movies in sharp details and clear colours. 4K recording also allows greater creative freedom during post-editing to pan, crop and zoom into your shots.

STABILISED RECORDING AS YOU MOVE

Reduce shaky vlogs with Canon's cutting-edge Image Stabilization (IS) achieved by attaching a compatible lens (such as the EF-M15-45mm f/3.5-6.3 IS STM) to the camera. The in-camera Movie digital IS and in-lens optical IS work in tandem to provide powerful image stabilisation known as Combination IS.

INTUITIVE VARI-ANGLE TOUCHSCREEN LCD

Vari angle LCD

Adjust camera settings, navigate menus and tap to focus on subjects easily with the Vari-angle touchscreen LCD panel. The articulating screen also allows you to capture incredible shots at challenging angles with ease.

EOS WEBCAM UTILITY

LIVE(STREAM) YOUR LIFE

With live stream capabilities, you can now broadcast high-quality videos live on YouTube[1] straight from the EOS M50 Mark II for a more seamless experience. Alternatively, you can perform live streaming on most social media channels via EOS Webcam Utility[2] on a PC/laptop environment that can also be used for high-quality video conferences.

[1] Direct live stream on YouTube requires stable Wi-Fi connection and at least 1000 subscribers. Only scheduled live stream is supported.
[2] Downloadable separately for free from https://asia.canon/eos-webcam-utility.

WOW

Vertical Video

VERTICALLY VERSATILE

With the rising trend of vertical videos on social media, the EOS M50 Mark II is perfect with its "Add Movie Rotate Info" function. When enabled, your videos will play vertically in your smart device, so you no longer need third-party apps to rotate the footage for editing or viewing.

INTELLIGENT AUTOFOCUS
