

Built for **Business**

# MegaTank High Performance Multifunction for Ultra High Volume Printing

The MegaTank GX7170 combines blazing print speeds with high-intensity pigment inks for next-generation printing performance. Dual giant paper cassettes, automatic 2-sided printing, and fast single-pass duplex scanning are paired with secure network communications to give businesses the edge. Break away from the competition today with Canon MegaTank business printers.

## WATER RESISTANT DOCUMENTS

High density pigment ink produces laser printer-like colour intensity. Text and images stay pristine when in contact with water-spills.

## PRINT DOUBLE-SIDED DOCUMENTS WITH EASE

Print on both sides effortlessly and get more done with less paper.

## HANDS-FREE SCANNING FOR MULTIPLE DOCUMENTS

Digitise or make duplicates of two-sided document stacks with the fast Auto Document Feeder and scan both sides in one single pass! Feeds up to 50 sheets at a time.

## NO PAPER RELOADING HASSLE

Raise productivity with up to 600 sheets total capacity that minimises the need for frequent paper reloads. With see-through windows to observe remaining paper levels.

## SPECIFICATIONS / MAXIFY GX7170

|   |  |   |  |               |
|---|--|---|--|---------------|
| PRINT                                     | Maximum Print Resolution   |   | 600 (horizontal) x 1,200 (vertical) dpi  |               |

Specifications are subject to change without notice. For detailed specifications, please refer to product information on <https://asia.canon>.

\*1. Print speed may vary depending on system configuration, interface, software, document complexity, print mode, page coverage, type of paper used etc.

\*2. Document print speeds are the average of ESAT, based on the Office Category Test (Word, Excel, PDF), the default simplex mode, and the ISO/IEC 24734 standard.

\*3. Document print speeds are the average of FPOT, based on the Office Category Test, the default simplex mode, and the ISO/IEC 17629 standard.

\*4. Copy speeds are the average of sFCOT and sESAT, based on ISO/IEC 29183 standard. Copy speeds (ADF) are ESAT of copy in sequence, based on ISO/IEC 24735 standard. Copy speed may vary depending on document complexity, copy mode, page coverage, type of paper used etc. and does not take into account warm-up time.

\*5. Black & white document fax transmission speed is based on default setting using ITU-T No.1 chart. Colour document fax transmission speed is based on default setting using Canon Colour Fax Test Sheet. Actual transmission speed may vary depending on document complexity, fax settings at receiving end, and line conditions etc.

\*6. Page count is based on ITU-T No.1 chart or Canon FAX Standard Chart No.1.

\*7. Operation can only be guaranteed on a PC with a pre-installed Windows 7 or later.

\*8. When copying ISO/JIS-SCID N2 (printed by inkjet printer) on A4 size plain paper using default settings.

\*9. Page yields may vary depending on content coverage, print settings, temperature, humidity, and frequency of printing.

\*10. Declared yield value is the estimated value based on Canon internal test method using the ISO/IEC 24712 colour chart and continuous printing simulation with the replacement ink bottles after initial setup. The colour yield is based on 1 set of composite colour (Cyan, Magenta, Yellow) ink bottles.

\*11. The Economy mode reduces the ink consumption by lowering the density. More pages can be printed using this mode.
