Delighting You Always

Vivid colours for a lifetime

Let the colours of life last 100 years*

SELPHY SQUARE QX10
COMPACT PHOTO PRINTER

Recollect Your Life's Best Moments

Every photo you take, is a precious moment you have just captured, forever. But why let these treasures be buried somewhere deep in a device where they rarely see the light of day?

Print them with Canon SELPHY SQUARE QX10 and keep these cherished memories closer to your heart for life!

Compact & Fits Just Right

Light and compact, the SELPHY SQUARE QX10 is easy to carry around!

And with Wi-Fi connectivity and built-in rechargeable battery* that can be easily recharged using a powerbank.

Wi-Fi Printing

True-to-Life Prints Dye-Sub

Reproduce the beautiful. Canon SELPHY SQUARE QX10's dye-sublimation technology allows easy reproduction of your digital images at up to 256 gradations per dot for high quality continuous tone output, eliminating graininess while maintaining high colour saturation. After all, keeping colours vivid and expressing your photos as faithfully and superbly as they were captured is all that matters.

Long Live the Prints

Protect what you love. SELPHY's overcoat layer helps photos achieve an album storage lifespan of up to 100 years*. This overcoat not only gives photos a glossy finish, but also protection from damaging elements such as water, dust, oil and gas†—helping your beautiful memories live through generations.

Square Perfect

Simplicity is beauty. With square print formats and aspect ratio of 1:1, your photos look stylish and pleasing to the eye because they are naturally balanced. Perhaps that's why the square format is so widely used today, even on social media!

What's more, SELPHY SQUARE QX10 prints your photos on label paper, which can be peeled off and used as a sticker! Think about all the fun, useful, and amazing things you can do!

Your Photos, Your Rules

Printing with Canon SELPHY SQUARE QX10 is so much fun, especially with the SELPHY Photo Layout app. Get creative with photos by creating your own style! You can easily do that by using a combination of photo layouts, photo positioning, filters, stamps, overcoat effects and photo frame options available in the app. You can share your creations with others, via apps that support SELPHY Photo Layout app (e.g. Instagram, Gmail, LINE®).

The possibilities are endless!
