

COMPACT, FAST AND EASY-TO-USE DESKTOP SCANNER

Simple to set up and easy to use, the imageFORMULA R40II is a compact yet powerful document scanner featuring advanced image processing for high quality output.

SCAN SPEED

45 ppm **90** ipm
SIMPLEX DUPLEX

Ultra-compact, Space-saving

With an ultra-narrow width of just 283mm, the imageFORMULA R40II is one of the most compact in its class and offers the added advantage of a foldable paper feed tray for easy, space-saving storage.

Easy Setup and Operation

The imageFORMULA R40II delivers a seamless user experience with guided video installation that walks users through setup and key features. Intuitive physical buttons enable easy operation, while clear icon-based notification on the monochrome LCD ensure simple error monitoring. In addition, easily convert paper documents into searchable digital files using the complimentary CaptureOnTouch software.

High Quality Output

The scanner features advanced colour enhancement that improves faint text visibility and ensures clear scanning of multi-coloured documents without adjusting settings for each page. It maintains text clarity while processing efficiently at the same speed as colour mode. Mixed documents with images are easily scanned with optimized output settings to enhance quality and reduce file size.
