

TRANSFORM THE WAY YOU MANAGE Your BUSINESS

Therefore[™] is the information management solution that can facilitate the digitisation of your business processes.

Transitioning from physical documents or processes to automated electronic format can enhance efficiency, compliance, collaboration, and data driven decision making within organisations.

FLEXIBLE

On premise, or in the cloud; single departments or multi-site enterprise.

INTUITIVE

With its familiar, easy-to-use interface, users can quickly and easily learn how to use the system.

SCALABLE

From small and medium businesses to the enterprise; start simple and add more functionality as your business grows.

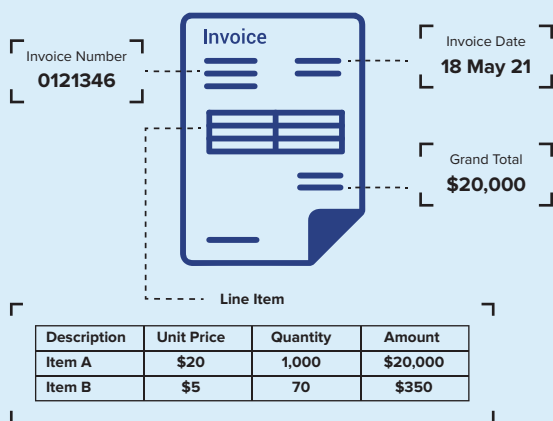

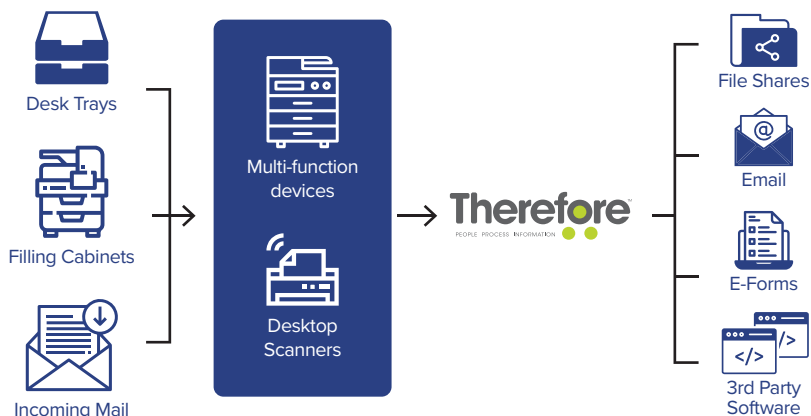

MOBILE

Know where your document is at all times. Access your information anytime, anywhere.

Capture, Archive and Retrieve

As business grows, it becomes inundated with immense volumes of information in physical and electronic formats. With Therefore™, you can easily consolidate and index all that information from your Canon multifunction device, desktop scanners, network folders, and PCs. This makes it easy for your users to find and retrieve key information efficiently.

Automate your Invoice Processing

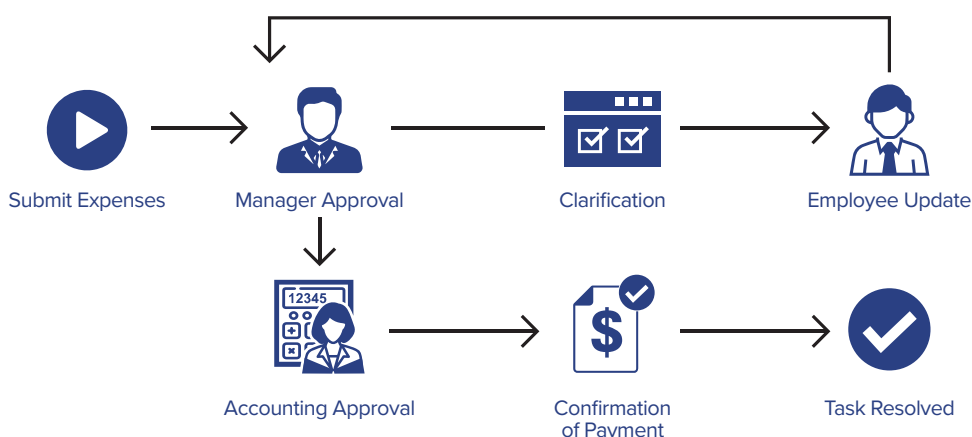

Therefore™ Smart Capture extracts data from invoices automatically using AI. You can now process invoices of different layouts without preconfiguring any templates. Captured data are indexed within minutes, helping to boost productivity and efficiency while minimizing human errors. Save your time to focus on your core business.

How does Smart Capture Work

Configure for Accountability

With Therefore™ as your central information management system, you can ensure that only authorized users can view or edit specific documents. PDFs can be digitally signed to prevent misuse. Audit trails, version control, and retention policies can also be enabled for greater security and accountability.

Complete Flexibility

As work evolves, so should your workflow. Therefore™ can be expanded to automate and streamline manual processes so information flows through your organization effortlessly.

Constant Business Agility

Therefore™ helps you track, analyze and report on your business processes. Information can be accessed on the go, even when travelling or working remotely. This makes it easier for you to identify areas of improvement for better efficiency and profitability.

Access Your Information Anytime, Anywhere

Access

Access your information in the office, while working from home or on the go by using our Windows client, compatible web browsers, or Therefore™ Go app for mobiles and tablets. With Therefore™, you can edit documents offline and synchronize later when connected.

Search

Find documents based on metadata or its contents, thanks to the full-text OCR, regardless of where it's saved on the system.

Share

Easily share information with internal and external members of your organization. It's simple to export, e-mail, or share information from Therefore™!

Therefore™ solution transforms business operations and securely manages information across the verticals. Here are some use cases:

Education

Student Record Management

Track grades, late notices, create reports and access parent's portal to view documents.

Manufacturing

Warranties

Track Warranties, set customer auto alerts for expiry date.

Healthcare

Patient Record Management

Secure healthcare files and records for patients.

Insurance

Claims

File, Store and Streamline the claim process for clients and agents.
